In his groundbreaking new book, *Christians Entering New Era of Global Crisis*, renowned theologian and author Dr. James Dobson provides a comprehensive guide to understanding and navigating these perilous times. Drawing on decades of biblical scholarship and real-world experience, Dobson offers a roadmap for navigating the complexities of the 21st century while remaining faithful to Christian values.

The Rise of Global Crisis

The global crisis facing Christians today is multifaceted and unprecedented. Moral decay has led to the erosion of traditional family structures, the rise of pornography and sexual immorality, and the normalization of violence and hatred. Social unrest, fueled by growing economic inequality and political polarization, is tearing communities apart.

Economic crisis, caused by reckless spending, unsustainable debt, and global economic imbalances, is threatening the livelihoods of millions worldwide. Environmental degradation, driven by climate change, pollution, and deforestation, is posing an existential threat to the planet and its inhabitants.

Amidst these challenges, Christians are also facing increasing persecution for their beliefs. In some parts of the world, Christians are being imprisoned, tortured, and even killed for their faith. In other parts, they are being marginalized and discriminated against in the workplace, the classroom, and the public square.

The Christian Response

In the face of these overwhelming challenges, what is the Christian response? Dr. Dobson argues that Christians must not lose hope but must instead rise to the occasion with courage, compassion, and unwavering faith.

Dobson calls on Christians to:

1. **Be rooted in Scripture.** The Bible provides a solid foundation for understanding the world and our place in it. By studying and applying

God's Word, Christians can gain wisdom, guidance, and strength for the journey ahead.

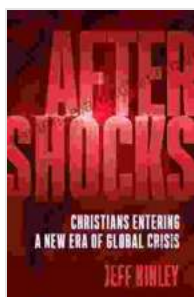

2. **Pray without ceasing.** Prayer is a powerful weapon against darkness. Through prayer, Christians can connect with God, receive His strength, and intercede for the world around them.
3. **Love one another.** Christ's command to love one another is especially important during times of crisis. Christians must demonstrate the love of Christ to their neighbors, their enemies, and even those who persecute them.
4. **Speak the truth.** In a world filled with deception and propaganda, Christians must be bold and uncompromising in proclaiming the truth of God's Word. By speaking the truth in love, Christians can expose darkness, challenge evil, and point others to the path of salvation.
5. **Be a light in the darkness.** Christians are called to be a light to the world, shining brightly amidst the darkness of crisis. Through their words, actions, and lifestyle, Christians can make a positive difference in their communities and the world.

The global crisis facing Christians today is real and it is urgent. But it is not a time for despair. It is a time for courage, compassion, and unwavering faith. By following the principles outlined in *Christians Entering New Era of Global Crisis*, believers can navigate the storms ahead, remain faithful to their calling, and make a lasting impact for the Kingdom of God.
