The opioid crisis is a devastating epidemic that has touched countless lives across the United States. Fathers are often on the front lines of this crisis, as they witness their children struggle with addiction and its often-fatal consequences.

In this powerful and deeply moving book, a father shares his personal story of losing his daughter to the opioid crisis. He writes about the pain of watching his daughter spiral into addiction, the guilt and shame he felt as he tried to help her, and the despair he felt when she finally died from an overdose.

But this book is not just about grief. It is also a story of hope and recovery. In the aftermath of his daughter's death, the father found solace in helping others who are struggling with addiction. He founded a support group for grieving families, and he speaks out regularly about the need for more resources and compassion in the fight against the opioid crisis.

This book is a must-read for anyone who has been affected by the opioid crisis, or for anyone who wants to learn more about this devastating

epidemic. It is a story that will break your heart, but it will also inspire you with hope.
