

Professional Baseball in Modern Japan: Sport in World History

Professional baseball has a long and fascinating history in Japan, dating back to the late 19th century. The sport was first introduced to the country by American missionaries in the 1870s, and quickly gained popularity among the Japanese people. The first professional baseball team was founded in 1934, and the sport has since become one of the most popular spectator sports in Japan.

The history of professional baseball in Japan is closely intertwined with the country's own history. The sport was first introduced during a period of rapid modernization and Westernization, and it quickly became a symbol of the country's growing global ambitions. Professional baseball also played a significant role in shaping modern Japanese society, particularly in the years following World War II.
