By Chris Hedges

In his groundbreaking book, *The Assault on Intelligence*, Pulitzer Prize-winning journalist Chris Hedges argues that we are living in a time of unprecedented assault on intelligence, a time when truth is under attack and ignorance is celebrated.

Hedges traces the roots of this assault to the rise of neoliberalism, which has led to a decline in critical thinking and a widening gap between the rich and the poor. He also examines the role of the media in promoting ignorance and fear, and the ways in which social media has been used to spread misinformation.

The Assault on Intelligence is a powerful and timely book that will change the way you think about the world.

Praise for The Assault on Intelligence

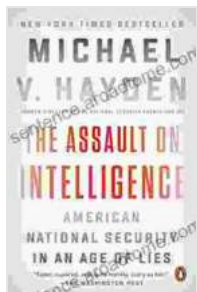

- "A must-read for anyone who wants to understand the forces that are shaping our world." - Noam Chomsky
- "Hedges is one of the most important voices of our time." - Cornel West
- "The Assault on Intelligence is a brilliant and devastating critique of the forces that are undermining our democracy." - Robert F. Kennedy Jr.
