French Manicure with a Twist:

1. Apply a nude or sheer base coat.
2. Use nail art tape to create a clean line at the tip of your nail, leaving a small space at the edge.
3. Apply a light blue nail polish over the exposed tip.
4. Remove the tape and let the nail polish dry.

5. Repeat steps 3 and 4, gradually adding darker shades of purple and pink to create a gradient effect.
6. Seal the design with a top coat.

Floral Nail Art:

1. Apply a light blue base coat.

2. Use a nail art brush and white nail polish to create small petals by making short, curved strokes.
3. Add a dot of pink nail polish to the center of each flower for the pistil.
4. Outline the petals with a thin line of white nail polish for definition.
5. Add green nail polish to create stems and leaves, completing the floral design.
6. Finish with a top coat for protection and shine.

Marbled Nail Art:

1. Apply a white base coat.
2. In a small bowl or on a palette, mix a few drops of different nail polish colors (e.g., blue, pink, and white) together.
3. Carefully dip a brush into the mixture and gently swirl it onto your nail.
4. Repeat steps 3-4 until you achieve the desired marbled effect.
5. Once the nail polish is dry, seal the design with a top coat.
